Material/Finish

Body: glass fibre reinforced polyester

Overtubes: polycarbonate or oval polycarbonate with built in aluminium reflector

Connector rings: PBT fibreglass reinforced

Reflectors: white steel or aluminium

Монтаж/Обслуживание

Suitable for surface mounting in a horizontal or vertical position. Supplied complete with a set of washers for sealing of fixation points. Bare batten comes complete with Ø26 mm connector rings. Cable entry through 20 mm holes at either side of canopy. Canopy cover is removed by ½ turn fasteners. A choice of overtubes are available as accessories. Overtubes fix onto the batten by Ø38 mm connector rings. Oval overtubes with built in aluminium reflector can be adjusted on single lamp versions only, on twin lamp versions oval overtubes do not sit parallel to each other. Ø38 mm connector rings are gear dependant and the correct type needs to be chosen for the correct gear type.

Surf 2

Инструкция для заказа Lamps to be ordered separately. Battens supplied complete with connector rings. Protective overtube attachments come supplied with or without connector rings.
